

Information Relating to Covid 19.

We have remained open for the care and education of Babies and Children throughout the Lockdown period. Risk Assessments have been regularly updated and our operational practice has continued to adapt to be fully compliant with all Governmental legislation relating to the Early Years Sector and Childcare Business.

Contrary to what you might expect we and the children have had an enjoyable time. We have been learning new skills, acquiring new knowledge, strengthening relationships and even managed a “virtual Sports Day !”

We are confident then in welcoming the registration of new babies and children from September 2020. We are still unable to allow any Parents/Carers or Visitors into the building until the end of the Autumn term or until advised otherwise and so have changed our visit and settling in procedures. We are conducting socially distanced visits for prospective Parents/Carers after the setting has closed. These are subject to a written declaration of Covid free symptoms on the part of the Parents/Carers.

This is how our setting looks currently.

Garden

Beannie Room (0 to 2)

Literacy Corner

Preschool

Rising 3s

Dining Room

We are aware of the reassurance that Parents and Carers need at this time when they are thinking about starting their child in a new setting. So we invite you to contact Maria or Vivien on 01234 353566 to book a visit and talk with us.
